SCHOOL OF EXCELLENCE

**Education is the only power to bring the change, we aspire for .....**

---

## Welcome to KSE

Founded by Shri Kapa Ravindra Nath, KAKATIYA was an initiative taken by us long time ago to make our vision of “Education for All” come true. After 32 years of journey, KAKATIYA-APOLLO Institutions, to meet the newly evolving changes around and a vision to set new benchmarks of quality education through innovative teaching methods with an Advanced Infrastructure to the holistic development of the children, KAKATIYA School of Excellence is in existence.

KSE has been fulfilling all the technological needs of the day-to-day empowered with time. The Infrastructure of the school is on par with the World-class schools and to maintain futuristic perspective and our pledge to adaption of 3“T”s

- Teachers,
- Technology
- Teaching methodology

makes it a unique from other schools in the vicinity.

## Exclusive Pre-primary Curriculum

KSE Pre-primary curriculum is designed to the unique needs of Children of Nursery, PPI and PPIL.

Pre-Primary schooling at KSE helps children learn and grow in a warm and stimulating environment where learning is fun. It is specially designed in such a way that they can easily enter their Grade 1 and helps them to perform better than others. It helps to build strong foundations in reading, writing, social interaction, personal habits and other such attributes. The Staff is trained to cater to the natural needs of children of that age. Under their caring and loving supervision, the children develop a bond with the school which attract them to school every day with great enthusiasm.

---

## **Our Teaching Methodology... Distinctly different...**

What truly distinguishes KSE in its journey is its very realistic approach to Education.

In KSE, it is our fervent hope that children will learn invention through innovation by our teaching-learning methodology. We firmly believe that activity – based learning is very important in School level because it helps children to grasp things faster, enhances their desire to learn, gain knowledge by doing activities and express their views and thoughts freely while involving into learning.

## ROBOTICS – It is all the Future

In KSE, you can find a new educational technology by way of teaching ROBOTICS from the inception stage of learning to help the students in improving their STEM (Science, Technology, Engineering and Math) skills and explore diverse learning paths like programming and creative problem-solving techniques.

## A School is not just about Education....

We at KSE believe in the outcome of extra-curricular activities including creativity, enthusiasm and positive thinking among children. "A sound body has a sound mind" an obvious quotation from the Educational Experts. In KSE, we predominantly have given a scope for extra-curricular activities, like Music, Art, Yoga which are significant for enriching students on an emotional, cognitive, physical, and social levels.

## Digitalised Classrooms with World-class amenities

Effective learning environment will create a healthy atmosphere to a child to concentrate, enjoy joyful learning within four walls. To this effect, we have facilitated the students with the spacious AC class rooms, World-class Classroom furniture, Individual student lockers etc.

---

## **In most sports they have a physical effect on your performance, In Swimming you have psychological too.**

KSE introduces the 1st Swimming pool in the vicinity for our children to develop psychological as well as physical strength. We have a world class 50' \* 30' Swimming pool with a trained coach.

## Care for Animals inculcates the Care for the mankind Society....

Caring the nature by showing love and affection on the pet animals is a sacred feature in our School. Children will learn a kind of caring at the early stage to show sympathy, humbleness, which gives them empathetical attitude to lead the peaceful and harmonious lives later on.

## A Relief from Routine... A part of our Curriculum

Physical exercises and Sports allow children to use their creativity while developing their imagination, dexterity and physical, cognitive and emotional strengths. To ensure student participation in physical activities to stay strong and fit, the school has large play ground for games such as Football, Basketball, Cricket, skating, Archery etc. Plus, the school also has facilities for indoor games like Table-tennis, carroms, chess. Trained Coach is at hand to spot and groom the young Talent.

---

## Our Teachers...Our strength

“Technology is just a tool in terms of getting the kid work together and motivating them, the teacher is the most important”  
– Bill gates

It is a fact that in spite of tremendous changes taking place right from Gurukul School of education, an enormous metamorphosis emerged, a human touch, eye to eye contact by a teacher plays a vital role.

Teachers have tremendous influence on a child's life. After the parents, it is they who spend most time with the children and are often their role models. In view of this, great attention is paid to handpick staff with right credentials, both with regard to academics as well as attitude.

Our Teachers are dedicated to the all –round development of children and are committed to groom them into self-confident individuals while at the same time inculcating the values of humanity and modesty.

## Our Parents..... Our Assets

We value the incorporation of our beloved parents, who always trust in KSE and handover raw gold to us and to turn them into beautiful ornaments. Believing in the same, we promote hand in hand association of school and parents for turning every child into an Asset.

## Communication

- **Parent Portal** – A Parent app for our parent to stay informant about Progress, attendance, daily home works etc.
- **Instant Messaging Platforms** – We use Instant Messaging Platforms like Whatsapp to share the information of Assessments, pictures of Programmes, notices etc.
- **PTMs** – Parent Teacher Meetings are organised to notify the parent of their child' updates.
- **SMS updates** – SMS updates also include timely announcement of event, or any immediate announcement that needs to be addressed by the Parent.

## Our Four Pillars of Success

Strong foundation is a key to a strong building. Excellence and height of a building depends on strength of the pillars

*Entangling Teachers*

*Innovative Teaching methodologies*

*World-class Infrastructure*

*Supportive Parents*
